Laboratory Syllabus

<i>Week Starting</i>	<i>Laboratory Experiment</i>	<i>Reports</i>
September 12	Experiment 1: Separations, part 1	
September 19	Experiment 1: Separations, part 2	
September 26	Experiment 1: Separations, part 3	
October 3	Experiment 2: Molecular Modeling I	Exp 1 Report due
October 10	Experiment 3: Chemical Resolution, part 1	Exp 2 Report due
October 24	Experiment 3: Chemical Resolution, part 2	
October 31	Experiment 4: Nucleophilic Substitution	Exp 3 Report due
November 7	Experiment 5: Molecular Modeling II	Exp 4 Report due
November 14	Experiment 6: Dehydration of Methylcyclohexanol, part 1	Exp 5 Report due
November 28	Experiment 6: Dehydration of Methylcyclohexanol, part 2	
December 5	Laboratory Cleanup	Exp 6 Report due
