Information for Final Exam:

The Final Exam will be held on Wednesday, December 14th from 6:00-9:00 pm in Arey 5. The exam will cover the class material from Chapters 1-11 and laboratory material from experiments 1-6. The exam is expected to take approximately 2 hours, but you will be able to work for the entire 3 hours. Allowed exam items are pens/pencils, a non-programmable calculator (but you probably won't need it), and molecular models. You will be provided with a periodic table. There will be an optional review session on Monday, December 12th starting at 1:00 in Keyes 105.

If you have questions, you can post them on the [Message Board](#)

Information for Exam 3:
