

Literature Resources

Helpful links for searching the primary/secondary literature

- [Colby Libraries](#)
- [Kara Kugelmeyer, Colby Science Librarian](#)
- **Scopus** (must be on a Colby IP)

Relevant scientific journals

- [Journal of Biological Chemistry](#)
- [Biochemistry](#)
- [Journal of Molecular Biology](#)
- [Chemistry and Biology](#)
- [Biochemical and Biophysical Research Communications](#)
- [ACS Chemical Biology](#)
- [Nature Chemical Biology](#)

Links to vendors and other resources

- [Sigma](#) (enzymes, antibodies, bioreagents, etc.)
- [Invitrogen](#) (cloning, RNAi, protein purification resources, etc.)
- [Qiagen](#) (nucleic acid purification, PCR, RNAi, protein expression, etc.)
- [New England Biolabs](#) (cloning enzymes)
- [Antibody Resource](#) (a database of most/all available antibodies)
- [Bio-Rad](#) (electrophoresis, chromatography, protein assays, PCR, etc.)
- [Pierce](#) (protein assays, affinity resins, etc.)
- [Clontech](#) (PCR, RNAi, protein expression, fluorescent reporter systems, etc.)
- [Addgene](#) (a non-profit plasmid repository with lentiviral vectors, CRISPR tools, fluorescent tags, etc.)
